

# Epic Notion | Web Designer & Frontend Developer

---

Epic Notion is a digital marketing, design and development agency. We blend strategic thinking with creativity and the latest technology to help our clients engage customers in new, exciting and profitable ways. Our team of talented marketers, designers and developers are passionate about building brands and connecting people.

We're looking for an exceptional web designer to join our team. The ideal candidate will be an expert in mobile and/or responsive design, have design experience related to websites, social platforms, email and more, and will have a closet full of design trophies and accolades (or at least a portfolio worthy of such recognition). In addition, you'll be moved to the front of the line if you have PHP/HTML/CSS frontend development and/or WordPress skills.

## Responsibilities:

- Create polished, functional design for a range of digital platforms including websites, landing pages, social media, email marketing and more.
- Work closely with internal team and clients to understand needs and develop engaging/creative solutions.
- Manage design process from initial ideation and concepts to final artwork.
- Create totally original designs with keen understanding of color, typography, emotion and best practices related to web standards, mobile design, responsive design and ease of use.
- Enhance and customize WordPress themes when original designs are not needed.
- Keep existing websites, social media platforms and email marketing fresh with design updates.
- Keep current on changing trends in design, user interface and frontend coding best practices.
- Frontend development using HTML/CSS or WordPress to bring your designs to life.

## Qualifications:

- 5+ years of professional design experience in a similar role with similar responsibilities as noted above.
- 5+ years of experience working with HTML, CSS, PHP and platforms such as WordPress, Shopify, etc.
- A very strong portfolio of original design work within the digital space.
- Proven ability to design in multiple styles to match the image, tone and personal different clients.
- Experience designing for mobile and/or responsive websites is highly preferred.
- Must be an organized individual with great attention to detail and focus on quality.
- Must have a passion for great design and creating the best user experience.
- Must be self-motivated and a good team player/collaborator.
- Must takes accountability and ownership of his/her own work

## Our Offering:

- A great team that values talent, integrity, hard work and family
- Flexible work schedule with vacation days, paid Holidays and personal/sick days
- Company matched 401(k)
- Health benefits including medical, dental, vision, disability, life insurance and more.
- Continuing education and skills training opportunities
- Collaborative, creative office environment in desirable Southend in Charlotte, NC.

## How to Apply:
